

[WindMark Beach along Florida's Forgotten Coast](#)

[WindMark Beach](#) is 3.5 miles of secluded sandy white beaches. Undoubtedly the beaches of **WindMark Beach** are its main attraction but it also has a Village Center for those who would like to take a late afternoon stroll or grab an early morning cup of coffee. With WindMark Beach being in its early stages there is plenty of real estate up for sale. Real Estate seekers can find beachfront homes, loft apartments and homes secluded by vegetation with wildlife wondering about.

WindMark Beach is a uniquely planned development; I would go as far as saying it is one of a kind. The developers kept every plant, tree, and flower that was removed and placed it back into the plans. When you enter *WindMark Beach* you will see the modern Village Center which consist of a restaurant, shops, and an amphitheater. With plans to add more shops, a small market, a spa and fitness center, and an ice cream and coffee shop, the residents of WindMark will never have to leave to find what they are looking for.

During the spring, summer, and fall seasons you will find movies playing in the amphitheater on a late evening or maybe even a [wedding](#). [WindMark Beach](#) is the perfect community for a perfect Florida Coast.
